

ADVANCED  
UV FOR LIFE e.V.

online webinar series

# Advances in III-Nitride Materials & Photonic Devices (IIN-MPD)

Organized by: T. Wernicke, Å. Haglund, M. Weyers, S. Einfeldt, M. Kneissl  
Winter 2023/24 part I

11.10.2023, 10:15 (CET)

**Mark Paravia (Opsytec Dr. Gröbel GmbH)**

„UV sources, applications and radiometry –  
Basics and novel reduction of uncertainties in  
the measurement of very short wavelengths“

22.11.2023, 10:15 (CET)

**Christian Miesner (Smart United)**

„Next generation of disinfection systems  
with collimated UVC LEDs“

17.01.2024, 17:15 (CET)

**Thomas Weatherley (EPFL)**

„Analysis of point defects by cathodoluminescence “
